MEMO TO FILE:

Re: Brush Wellman Inc.  
ACT/023/003  
Topaz Mining Properties

Tuesday, April 5th I spoke with Mr. Lee Davis of Brush Wellman and informed him of the March 29th letter to the Division from the Assistant Archeologist. Mr. Davis was advised that this Division would ask the State Archeologist to conduct any archeological field surveys that were found necessary, as soon as possible, because Brush Wellman intends on mining in the area in question soon.

A copy of the letter from the State Archeologist will be sent to Mr. Kenneth Poulson of Brush Wellman Inc.

DIVISION OF OIL, GAS, AND MINING

BRIAN W. BUCK *BWB*  
ENGINEERING GEOLOGIST
